TRYING an unconscious man for his life is one of the "forms of law" peculiar to JIM CANTRILL and TOM CAMPBELL.

UNDER the new election law a man who lives in Aberdeen and wants to vote in Maysville must make affidavit as to his exact residence and give the names of two of his nearest neighbors.

A PROMINENT Democrat of Lewis county is credited with the statement that Mr. KEOHE will not get 400 votes in that county. As Lewis has about 8,800 voters, this would give SAM PUGH a majority of some 3,400. That's most too much to expect; but you may set him down for at least 1,200—and don't you forget to remember it!

It is pretty generally understood that several United States Marshals will be on the lookout for those who try to prevent Negroes from voting in this county at the coming election. These officers will make no arrests; but later the Federal Grand Jury will take a hand in the matter and some of the "intimidators" will land in the Penitentiary.

HENRY YOUTSEY was found guilty of the murder of Governor GOEBEL and his punishment was fixed at imprisonment for life.—*Courier-Journal*.

So we have the strange spectacle of at least two men who killed GOEBEL—JIM HOWARD and HENRY YOUTSEY—both of whom, "according to the forms of law," fired the single bullet that struck the man. But in order to exhaust the allotted share of that \$100,000 perjury fund you must find three more.

THE Lexington Herald has this to say of the gutter-snipe who drops his filth into The Daily Sewer:

"The right of free speech stands with the right of free suffrage. He who abridges either is a criminal; he is the assassin of liberty, the murderer of freedom; and while he cannot be punished as a murderer or assassin, he is as guilty as they. The same spirit is exhibited by journalists, who profess to be gentlemen, who think they are decent, by coarse abuse of those who disagree with them. Rotten eggs can be thrown in the shape of miserable reports, dispatches or editorials as well as physically; and he who throws the rotten egg physically or in print is a blackguard as well as a criminal."

THE bill might have been enacted into a law in time to become operative at the approaching election but for the capricious opposition of Republicans and Brown Democrats in the Senate, who, holding a majority in that body, insisted upon numerous minor amendments, only to abandon them after they had served the purpose of obstructing the passage of an election bill until too late to make a new law operative at the November election. Had these Senators done two weeks or ten days ago what they have now done the election to be held next month would have been conducted under the new law.—*Courier-Journal News Editor*.

But—  
Well—  
—In other words, you're a campaign liar.

It will be well for some people in Maysville and some people in Mason county to keep in mind the following provision of the amended law under which the coming election will be held—

Sec. 15. Any person or persons who shall unlawfully attempt to prevent, or prevent, any voter from casting his ballot, or shall attempt to, or intimidate, any person or voter so as to prevent him from casting his ballot, or who shall unlawfully interfere with the officers of election in the discharge of their duties as such, shall be deemed guilty of a felony, and, upon conviction, be confined in the Penitentiary for a period of years, of not less than one nor more than five years, for each offense. The fact that the person or persons so offending may be an officer or officers of the Federal Government, or of the state, or of any district, county, town or city thereof, or of election, shall not relieve them of the responsibility or penalty for the violation of this section.

The nuptials of Mr. W. N. Wallingford of Flemingsburg and Miss Virginia Showan of Cottageville were celebrated on Wednesday evening at Flemingsburg.

Don't be deceived or humbugged by people who claim the discovery of some hitherto unknown herb or root in swamps, or on some mountain or prairie, for the cure of kidney and bladder trouble. Any doctor or druggist will tell you that such claims are fraudulent. Foley's Kidney Cure simply contains remedies that are recognized by the most skillful physicians as the best for these complaints, so don't be credulous or foolish. J. Jas. ### THE REAL ASSASSIN.

#### Democratic Paper Says Blackburn Is Responsible For Goebel's Death.

Under the heading, "Democracy's Chances," The Paris Gazette, one of the most fearless and ably edited Democratic papers in the state, has this to say of Senator J. C. S. Blackburn—

The Gazette, being the only truly Democratic paper in Paris, wishes to say a few words about a cancer on the face of the Democratic party. That cancer is Jo Blackburn. He has done nothing but feed upon the party.

The Courier-Journal denounced Blackburn as a liar and a blackguard, and if his words and acts prior to the time that statement was made justified such an assertion, certainly his conduct and speeches since have merely tended to prove the truth of the charge. When in an evil hour he appeared upon Democracy, the party stood for popular sovereignty, for individual liberty, for home rule, for economy in public expenditure, for equal representation, for sound currency.

It was a giant in brain and brawn. Its aims are high; its motives are pure; it was a thing of life, vigor and strength. When Hardin was nominated at Louisville his election was assured because the platform adopted by the convention that nominated him embodied a true interpretation of the Constitution. Following the advice of Blackburn, Mr. Hardin repudiated the platform and promulgated principles that were foreign to the teachings of the party.

The result was that thousands of true Democrats refused to endorse him, and he was beaten by Bradley.

During that campaign Jo Blackburn swaggered over Kentucky, insulting the decency and shocking the brains of the Commonwealth. He brought about the defeat of Hardin and from that time to the present he has done nothing but disintegrate the party forces.

But for him Mr. Goebel would at present be Senator from Kenton county and the awful disgrace of his taking off would not be upon this state. Mr. Goebel had decided not to contest the election of Taylor, but go on visit to his brother in the West, but Jo Blackburn, fearing that the Legislature would elect Goebel Senator, prevailed upon him to enter upon the contest which resulted in Goebel's death and in an immense outlay of money that the taxpayers of Kentucky will have to meet. Passing over his base betrayal of Mrs. Sandford for the sake of a seat in the Senate, Jo Blackburn, after denouncing the Goebel Bill as the most pernicious

enactment ever passed, went to Frankfort, and with the aid of Jim McCreary sought to fasten a more damnable bill upon the people.

Like the bully that he is, and like the unthinking thing that he has been all his life, instead of discussing the issues now before the people he is driving the better element out of the party by such foolish and disgusting assertions as this: "If Jim Howard, who fired the shot, and Caleb Powers, who planned it, and Bill Taylor are to be hanged or sent to the Penitentiary, another suit of striped clothes ought to be provided for John W. Yerkes;" and again: "New York is the asylum for all broken-down politicians; 'hacks in Kentucky'—referring to Charlie, Lindsay and other great lawyers and thinkers who are as far above Jo Blackburn as Chimborazo is above a mole hill.

Jo Blackburn must be retired to private life or the party in this state is doomed. The Gazette believes in Democracy. It longs for the triumph of those principles for which our fathers fought. It would like to see every county in the state go Democratic, and it believes that the sooner the whisky-soaked ignoramus is relegated to obscurity the sooner will Democracy come into her own.

Louisville, Ky., Oct. 26.—Ex-Gov. W. O. Bradley and Col. Bennett H. Frankfort, Ky., Oct. 26.—The Covington Gas Co.'s fight with the city of Covington and the Suburban Electric Light Co. was passed on by the court of appeals Thursday, one case being reversed and one affirmed. The court of appeals holds that the city had the right to sell its option on the gas company's franchise and plant, but that the Suburban Co. had under its charter no power or right to purchase said option. Somersett, Ky., Oct. 26.—Dump Roy, a notorious moonshiner, who has eluded government detectives for more than 15 years, was arrested by United States Deputy Marshal Coleman, of this city, who met him in the road near Baldrock, Casey county, and, getting the drop on him made the outlaw throw up his hands and lead the way to his still, where the entire apparatus was destroyed, after which the officer brought his prisoner to this place.

#### Fought With Knife and Pistol.

Williamsburg, Ky., Oct. 26.—As a result of a duel fought between Tohe Earls and Frank Eaton near the mouth of Laurel river, both will die. Eaton's boys said Earls had mistreated them, and the father demanded an explanation. Earls drew a knife and began slashing at Eaton, when the latter drew his pistol and began firing. The belligerents fought until both fell.

#### At Owensboro Next.

Winchester, Ky., Oct. 26.—The Kentucky grand lodge, Knights of Pythias, closed its annual session here Thursday. Just before adjournment an appropriation of \$300 was made for the benefit of families of knights who lost their lives in the Texas floods. The next session of the body will be held at Owensboro a year hence.
